

Growing up in church I was made aware that if you could not understand the Logic and “Mathematics” of the **Trinity** you may as well read and reverence the Dictionary instead of our Christian Bible. Below is a recent math interpretation of the Father, Son, and Holy Ghost as described and written in the Bible about the Life of Jesus Christ.

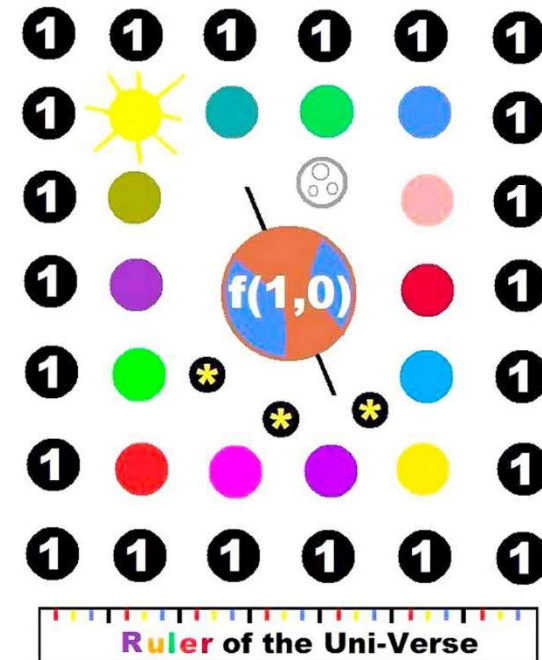

I interpret here our **Math AND/Or Logic**, of the Trinity. The Trinity expressed separately provides only our source to chaos and dysfunction. Contrary to contemporary views, dysfunction is not a variation or another form of function. A topic of interest to contemporary Mathematics. A personal revelation of my own as well. And a documentable universality.

Spiritual Applications in Mathematics

Jesus Our Ruler of the Universe. He gives understanding to Our Universe, our knowledge, Science, The Bible, and even Zim’s art! The following are descriptions of my Math Art, I thought of at Church.

Universally Recognized, Biblical Systems interpretations of Material **AND** Informational concepts help document un-limited “spiritual” applications in Mathematics.

A majority of my content is inspired while attending Sunday Church service. Here is an important perspective of knowledge on Earth, readily recognizable to Believers of the Bible.

$$\begin{array}{c} \underline{1} \\ \underline{1}, \underline{1} \\ \underline{1}, \underline{1}, \dots, \underline{1} \\ \hline \text{G-d} \end{array}$$

Mistakenly I printed this design backwards on a T-Shirt. Wearing this I looked in the Mirror... Ha ... G-d now is frontward, but alas, Zim is backward. The Earthly knowledge system documented. And a Documentation of our endless source to "Additional" Topics found in Systems Art.

This slide indicates mathematically and logically why the Tree of Knowledge of Good and Evil as Mankind's dominant intelligence method, dooms Humanity to chronic and systemic failure and ultimately H-II.

As a believer in Bible Principals / Principles, Sunday testimonies have provided me no shortage of Applicable and "Additional" material for my work in Mathematics.

Our contemporary views are simply derivations of the Tree of Knowledge of Good and Evil. This slide documents the Math and Logic of some of these serious consequences to us all. The Bible tells us, "It rains on the just and un-just."

Per my understanding there is no identity systems expression(s). There are NO systems expressions or transformations of equity. An expression of expressions is another & different partial expression (As with the famous pseudo Time, symbolic, images construct/paradigms). An identity principal / principle transformation provides closes value. Our US Government utilizes partial systems express-ability as well.

Every Sunday I may appear quietly in Church. This period away from my computer is more productive than some would think. I emailed some people my thoughts afterwards. **I do not think others always recognize the source of this content.**

The slide below shows the importance of our Christian Church. Finite, non-express-able and terminal outcomes of contemporary alternatives are also shown here. Self-Evidence of the G-d Systems-domain is achieved with universal experience of develop-ability and/or reducibility.

The spiritual Truths of the Bible can be discovered or personally discovered as applicable to Mathematics. And correctly interpreted, vice a versa. **AND** is even applicable to Zim's Mathematics!

This slide below shows how our logic can be documented, **if not the mathematics of Biblical Christ**. This is a culmination of several testimonies, sermons I have heard over the years in Church and Christian TV. "Sozo" a Greek word in early translations, documents these Biblical Truths.

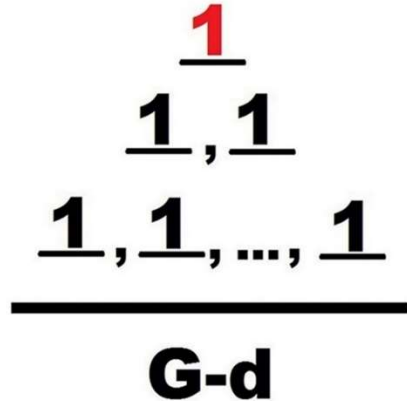

Jesus Owns our Salvation, our Answer AND our Question, Jesus Owns our Truth, on Earth AND Heaven. Jesus Owns our Subjectivity AND Objectivity. He Provides our Foundations, Rationale and Viability with Truth AND Love. He gives us Victory over Life AND Death; Win AND Loss. Jesus enables Right AND Wrong; Truth AND False Outcomes.

Satan as expressed is below. Some who choose not to read the Bible do not recognize or are aware of this important and Universally applicability, even if this is not a Truth. Systems of Omitted info do not establish "Truth".

Satan our Principal Counterfeit A, our lie or The Lie, terminal series AND / Or events, Author of H-II.

This expression of mine below interprets mankind's only recognized domain that is express-able within all other domains. Including the important Human **AND** Heavenly domain. I was made aware of the Bible Scripture below from a testimony of someone, one day in Church.

KJV Deuteronomy 6:4
Hear, O Israel: The Lord our God is one Lord:

This has identified to me and makes available to all, our Truth and "Knowledge". Understanding Jesus has shown me this can document our Mathematical pathway to Heaven and Earth as Eternal life. The Math and logic source are universally accessible with the above information. This is indicated by my testimony in Math Art, & this re-discovered universality and applicability.

G-d documents creation as well, as ALL other viable "Knowledge" paradigms. I have heard the sermons on Creation repeatedly. I always pondered the Universality of these testimonies. I figured to myself that G-d of our Uni-Verse is completely express-able as **anything**. This Principality covers ALL/all.

Principal Object(s)
as "Creation"

- F(1) – Principal Source**
- F(0) - Domain Source**
- F(1 or 0) – Creation & Express-ability**
- F(1 and 0) – Principal Source to Truth**
"Adam" + "Eve"
- F(1 and/or 0) – Source to Truth,**
& Earthly / Heavenly Express-ability

The Lord's prayer from Bible I learned as a teenager, now I interpret with principal numeric. The Trinity in the Bible indicates availability of knowledge that is developable and reducible to all domains. Heaven again is our principal domain of concern.
