Thoughts on Education:

During my undergrad days it was discussed and known that students of Mathematics and Computer Science, along with Liberal Arts training such as Science, Arts etc. had sometimes a tendency to go over the edge on contemporary knowledge paradigms. Then as in my case, I am a reader and believer in Bible Principals / Principles... And was a little over the edge myself to start with. A Christian Biblical summary of education, “You can tell a Tree by its Fruit”

Zim Olson Test Scores

22

As Freshman in 1972 at University of Michigan in the College of Literature, Science, and Arts

University of Michigan "Oasis" Test was Administered to September 1972 Freshman – giving Personality Profiles of "Achievement" Scores.

Senior Professor of Graduate Psychology told me after reviewing my test results on the Graduate Building steps in Fall of 1972: “Kim (aka Zim), the strangest thing about your scores, is that you are not strange”

23

University of Michigan "Oasis" Test Administered to September 1972 Freshman - "Achievement" Scores

Along with other 1972 incoming freshman to the University of Michigan I took the "Oasis" Achievement Personality test. I received four independent personality achievement scores. They were:

- Academic Achievement Personality 65 %**
- Intellectual Achievement Personality 73 %**
- Creative Achievement Personality 95 %**
- Social Adjustment Personality 81 %.**

24

**California Psychological Inventory (CPI)
Administered to Zim (Kim) at Psychology 100 in
Freshman Year September 1972 at University of
Michigan in Ann Arbor Michigan**

On the next slide, sixteen independent psychological profiles shown were measured with a 500 Question survey. The questions were empirically and statistically derived and verified. Ie "Do you like cooked or Raw Carrots?" , "Do you like your eggs over or sunny side up?". Measures of faking responses are also used.

25

California Psychological Inventory
Spontaneity – Very High * Capacity for Status – High to Very High * Good Impression - High * Intellectual Efficiency – High * Achievement Motivation in Independence – High * Flexibility – High * Tolerance – High * Achievement Motivation in Conformity – Bottom of Scale * Dominance – Average * Responsibility – Average * Self Acceptance – Below Average * Socialization – Very, Very Low * Self Control – Below Average * Friendliness – Average * Well Being – Below Average * Masculinity – Average.

Testimonies from Zim Olson

27

Like I told a guy at the Bus stop yesterday, " We all have answers, but are always forgetting the question" and " Everybody is right, because everybody is also always wrong", so then what are you supposed to do? and "Jesus has the Answer/ Question". See you all at Sunday Service.... At the same bus stop I recently talked to a retired captain of a submarine stationed during the Iraq war. This has inspired me to send out emails to Math Departments of Universities throughout US with my presentations introducing my work attached in PDFs. ... I declined an offer to enlist in Air Force by a recruiter in 1975. Reflecting on this afterward I thought I would do better on my own.

28

Zacharias asked me after Ruth's Bible study today, "How is your church doing?". I told my wife, Susan, and Zacharias, "You can run, but you cannot hide. You cannot hide behind, Science, Education, Government, Finances, Religion". So come out from under your rock and come to church.

G-d gives us Principal Heavenly images and information. However no basis of any kind of pseudo equality is given here. Jesus enables a pseudo Earthly and Heavenly express-ability.

29

Does it make sense to ask this question; How do you know you can add two and two and get four? For anything. With Zim Mathematics it is documented that all object(s) express-able as principal object(s) one and/or zero, are feasible. Giving new rule, If you don't want to know, don't ask.

A Better or Dominant express-able object(s) no longer of relevance to anyone or anything.

30

Religious Discussion at Dinner in El Fuerte, Mexico.

After waiting long time for dinner at restaurant, it was finally served. I said to us at the table, it is good we believed and accepted in Dinner, or we may not have gotten this dinner. And It is important to believe in important things. Like dinner. Others had frown on their faces. Dad tried to control his smile. I thought I would add that many consider desert a debatable matter, however. After dinner we all ordered desert. We had flaming banana and chocolate crepes! No complaints about desert either.

31

All those flies could be right and actually know a way, and truth giving eternal life and Salvation! But I don't know how either? NASA may not always be the Babylonian Nimrods of modern era and actually someday determine a Principal outcome/destination. Science may give up conjuring true statements and actually realize Truth from the True Vine. Maybe Humanity will stop using Beelzebub as their dictionary source and utilize the Father, Son and Holy ghost for their understanding. Science as Expressed, is glorified Witchcraft. Tarzan should not be the only one concerned about finding the "True Vine"! ... Sunday Service(s) every Sunday. Jesus said "You can tell a tree by its fruit"

32

At the bus stop for the #21, there is an advertisement promoting a recognized faith stating " We are all from the same vine and all the fruit and leaves of this" . Last night I realized this is a very well recognized and also very true statement. All Earth and all on Earth are G-d's creation and we are all some image(s) of this creation of G-d. And we are all destined for the same proverbial toilet as this recognized creation has or will end up in. Although G-d provides us an excellent source of information, this source does not provide sufficient information for principal/heaven AND Earth knowledge paradigms.

33

Waiting for the #40 bus I spotted one of the ads on the bus which was obviously government sponsored. They were using mathematical terms to support their point. My immediate reaction was that the government should be banned from using mathematical terms as well as religious terms. If for no other reason than their evidenced chronic misuse of these concepts and terms. Violating the well known separations of the church and state by using principal and/or partial and/or open domains implicitly and explicitly to justify their rationales, laws & initiatives... Now our Government(s) push a pseudo sexual equality and another answer with out the question for our pseudo expressed friends.

34

"It seems to me the Jewish segment believes they can figure it all out, as they have access to the "Source", which they do. They may not be concerned or even believe in a heaven or hell. Jesus knew better, as it is clearly apparent to many of us, humanity is going know where and are in a direct route to hell. Many in those days thought Jesus was a little Meshuga or crazy. Jesus may have thought this is true, but that these people are thousands of times more meshuga than he was. Jesus as Savior, gave us the necessary information to attain eternal life or principal express-ability on Earth/Heaven."

35

The Judeo knowledge methodology gave us the principal expression of expression(s) (Tree of Knowledge of Good and Evil), Humanities contemporary source to viable information. This has resulted in more information than Earth can utilize. Jesus observed 2,000 years ago with expressions of expression(s) of expression(s) that as Moses noted in the old testament, this was nothing but a minor variation in mankind's prior utilizations of Tree of Knowledge and Good and Evil, producing same old results of terminal serie(s)/event(s) as expressed. Yeshua made available Principal/Principle knowledge.

36

An important message I receive from the Bible and Jesus Ministry as described in the New Testament, comes from the Historical context of when this was all written. Israel was currently under conquest by the Romans, after a long conquest by the Babylonians centuries prior. Greek knowledge and philosophy prevalent but clearly falling short and looked like it was not going to get anybody where they needed to go. The Jewish Pharisees didn’t appear to be getting any wiser or smarter over the centuries. Any body taking a moment to regard any of this could figure, no body or anything is getting off the planet alive, as expressed. Knowledge systems weren’t going to do it!

37

“An apparent concern I hear on Christian TV and Radio is a discrepancy between the Old testament / New testament. Old / New covenant. And any relevance to male/female issues as pertains to our contemporary political climate. I hear quantitative verbality with content that old is not relevant to new covenant. Is “Obsolete” etc. This is not explaining the covenant of Jesus as I understand it. G-d/Jesus is said to be able raise children of Abraham from the Rocks. He has made available to Earth/Mankind Functional **AND for any object and/or object(s). Those talking of an obsolete covenant are talking about something else or another partial outcome and the same curse in different form.”**

38

The pseudo political notions of I am real, you are real, we all must be real provides no value or value of reality. The only political measure of reality is provided by the Uni-versal Freedoms and express-ability as stated in the US Constitution.

Jesus as the Trinity as other forms or object(s) has no basis in principal express-ability. Another Jesus has basis in only an ownership of this and pseudo or partial express-ability, otherwise known as the source to the Anti Christ.

39

Jesus took ownership & name on Earth within Principal Express-ability only, or as the Trinity of Father, Son, and Holy Ghost. Our savior, healer, counselor, etc.

Systems Principal Ownership Name For Jesus

Every()Any()Some()Non() (1,0) = ____.
Every()Any()Some()Non() (1,0) = ____, ____.
Every()Any()Some()Non() (1,0) = ____, ... ____.

Systems Earthly Ownership of Names.

Every()Any()Some()Non() (____) = Joe(A-Z).
Every()Any()Some()Non() (____,____) = Joe(A-Z).
Every()Any()Some()Non() (____,____, ... ____) = Joe(A-Z).

40

Jesus Life AND/OR Death

Jesus life on Earth is said in the Bible to have paid the debt of Humanity's sin, Historical/Non-Historical. This can be Mathematically documented as the completed (Paid) Partial Knowledge Systems (Debt) utilized by Mankind, Historical/Non-Historical. This Partial Knowledge system (Debt) as expressed gives a Earth sin system with corresponding outcomes of series/events. The completed or paid debt by Jesus enabled a Human knowledge system of Principal express-ability.

42

Jesus took earthly ownership only, as **Principal Expressability** within all express-able domains. Giving a principal life/non-life. The only Earth and/or Heaven Truth machine ever, was Jesus. Showing a path of express-ability to Earth/Heaven.

43

I Mailed the US Department of Defense, Secretary of Defense my Zim Mathematics Introductions and Complete Content in Blu Ray and DVD discs. In a letter to them I said "In this content I have given you a thousand years of ammunition." The US and allies may have kicked Hitler's butt and the Japan Rising Sun in 1945. But the real enemy was left standing, alive and well, Satan. As described in the Bible by Jesus, Paving the road to Heaven after Freezing H-I over on Earth is our primary and principal goal available to Humanity. Fleshing the Bible Documentation with Zim Mathematics is a very useful outcome of my work.

44

I have not witnessed any Truth machines floating around Earth in my 65 years to-date. Some GREAT preachers, sermons, healers, deliverance ministers, Zim Mathematicians, NO Truth Machines however. No need. Yeshua did all this. No more Additional Truth / Truth Machines needed or of any usefulness.

In the Bible Apostle Paul spoke often on the importance of protecting and building the Church. Jesus spoke more often on importance of organizing and building Earthly/Heavenly express-ability, the availability of Truth on Earth/Heaven.

Zim Math documents Jesus on Earth **AND** Heaven as principal object(s) $1=0=1+0$ making every object and/or object(s) express-able as such. This also enables object(s) express-able as complete systems **AND** or + giving Jesus as Lord, Ruler, Judge, Warrior on Earth as described in Revelations of the Bible.

Goals for Zim Math in 2019-2024

- **Clarify Axiomatic Nature of Systems Math**
- **Object(s) Express-ability**
- **Creative Origins and their Pseudo Derivations**
- **Math Art and Object(s), and their Creative Documentation**
- **Object(s) and Derivations of Truth**
- **Spiritual Object(s)**
