It can provide us a moral compass for our destinations and journeys.

G-d can truly be our defense with system(s) express-ability. Complete vs Partial expression(s) would be measurable.

The Promise

ZMO

The Engine and Open Domain.

Our only source to wealth, health, prosperity, freedom, AND “Gold”.

The REASON we consider our country the Land of Promise and Opportunity is we consider and value our citizens as individuals. In fact we have somehow known that all of us are absolutely unique, and that none of us are equal, at ALL. AND subsequently within our Country's G-d given domain, recognized within principal and principal open domain express-ability, all of our unique citizens have unique value that no one or anything else has. AND no one else can provide. This gives us foundations + rationale for valuing our citizens as individuals. The Jesus Promised Principality serves as the founding rationale/analysis AND outcome. Our recognized source to wealth, health, freedom, prosperity & “Gold”.

Jesus offered no claim to ownership to the Earthly Knowledge kingdom. **He offered us The Promise**, G-dly express ability develop-able within G-d 's kingdom of guaranteed fruit and heavenly harvest. His claim was the Principal and Principal Open Domain System(s) express ability.

Institutions of Learning that analyze the partial imagery of creation can promise nothing but events and series that are terminal and non-express-able.

Higher learning and achievement consist of the Kingdom of systems of omitted information. A backward / upside down imagery of the creator.

Satan said in the Bible to be behind the Earth system of knowledge, sin, and our terminal outcomes. Could be said to be composed of systems expression(s) of omitted information.

G-d the Creator is composed of self-evident systems of principal express-ability. Evidence AND/Or Faith our contemporary method. Providing our needed analysis, rationale and viable outcomes.
