I consider Mathematics, Knowledge, and Partial/Pseudo Systems within more complete and principal systems outlines.

With this documentation additional tenets, logic, foundations, applications are revealed.

This is Zim Olson and Zim Mathematics presenting.

Book of Genesis in King James Version of Bible

1 In the beginning God created the heaven and the earth.
2 And the earth was without form, and void; and darkness was upon the face of the deep. And the Spirit of God moved upon the face of the waters.
3 And God said, Let there be light: and there was light.
4 And God saw the light, that it was good: and God divided the light from the darkness.
5 And God called the light Day, and the darkness he called Night. And the evening and the morning were the first day. …

In the Interest of Education:

I would like to give Honorable Mention to my 7th grade history teacher here. … As I commenced to write a history report, she instructed me that those who use the same wording and phrases over and over to explain something, probably don't really understand the content they are writing about.

Systems Concepts & A Pseudo Knowledge Source

Expression(s) or Expression(s) of one including self, gives our Mathematical origins to a uni / unit verse, ourselves, and our partial systems environments, and their dominions.

Variations of express-abilities, component combinations / expression, document recognized Time-Paradigms. one expressed in component partial/complete variations, gives an implicit source to our numerous paradigm derivatives. Explaining contemporary time phenomena, concepts, experiences, past, present, future.,

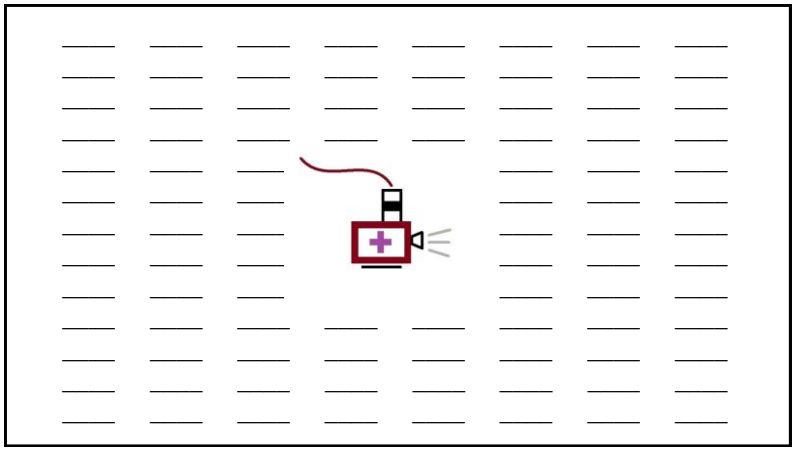
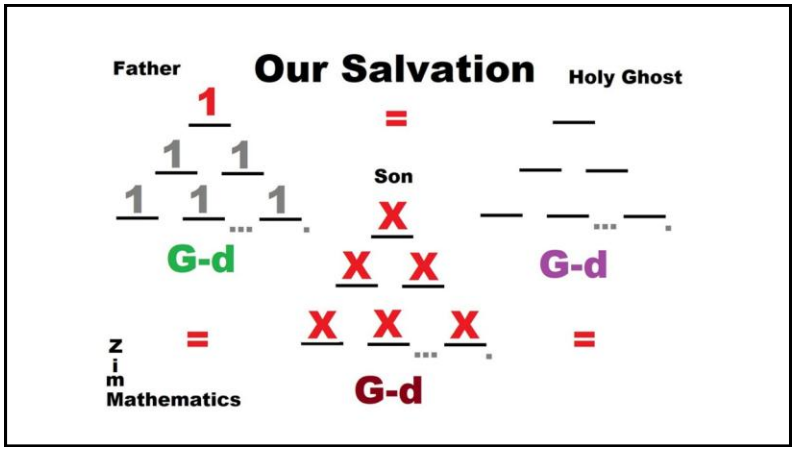
Our Salvation

Jesus as Expressed

44

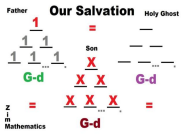


45



46

Jesus as the Trinity documented in the Bible is said to show us "the Way, Truth and the Life". And Per Zim Math; "As Expressed for all object(s)". Our Analysis, Rationale AND Viable Outcome. It can be seen why Jesus is said to own our salvation when examining this Trinity outline. M-n kind would be unable to provide any One solution for this. The Tree of Knowledge on Earth cannot do much with this outline. Yet it can give us meaning, information / matter to all as expressed.



47

Jesus Owns our Salvation, our Answer AND our Question, Jesus Owns our Truth, on Earth AND Heaven. Jesus Owns our Subjectivity AND Objectivity. He Provides our Foundations, Rationale and Viability with Truth AND Love. He gives us Victory over Life AND Death; Win AND Loss. Jesus enables Right AND Wrong; Truth AND False Outcomes.
